

Join us in creating Norwell Community Gardens

The Norwell Beautification Committee,
 The Norwell Conservation Commission, and Norwell Farms
 are collaborating on plans to use the field
 at the east intersection of Circuit, Pleasant, and Forest Streets
 as a living memorial to Nancy Hemingway.

*Ms. Hemingway, Norwell's longtime Conservation Agent,
 died in 2020 of breast cancer. Join us in honoring her tireless efforts
 to preserve Norwell's natural beauty and healthy environment.*

Our plans for 2021:

- We are presently planting a series of cover crops to improve the soil
- This fall we will create a breast cancer memorial garden in the center of the field.

Our plans for 2022-23:

- a meadow of wildflowers
- a demonstration vegetable garden with educational programs
- handicap accessible walking paths and a meditation site

HOW YOU CAN HELP:

- Follow our progress on the Norwell Beautification Facebook page.
- Find volunteer opportunities on the Town of Norwell Conservation Commission website.
- Donate to the Norwell Community Gardens Gift Fund: c/o Norwell Beautification Committee, 345 Main Street, Norwell, MA 02061
