

# **Milling, Drainage Improvements, Resurfacing of Town Ways**

August 20, 2010

To the Residents of the Town of Norwell:

Please be advised that the Town of Norwell Highway Department will begin road work/milling the existing pavement, drainage improvements, and resurfacing pending unforeseen circumstances within the next few weeks Monday-Friday during normal working hours to the following streets:

Summer Street, Winter Street, and Lincoln Street (from Main Street-Route 123 to Grove Street).

Although roadways will be open, as with any road work/resurfacing project, there may be times during construction, that there will be some disruption to the motoring public and abutting residents, the Town of Norwell Highway Department in conjunction with the Police Department will do everything possible to limit the disruption to the public and expedite these projects as efficiently as possible.

If you have any questions or concerns, please call the Highway Department office at 781-659-8042. Thanking you in advance.

Very truly yours,

Paul M. Foulsham  
Highway Surveyor
