Update on St. Helen's property

Mr. Graham gave a general update on the status of this property but cautioned everyone that the board is not at liberty to discuss any information from this evening's Executive Session. The hope is to have some information to share at next week's Open Session.

Mr. Morin expanded on the reasons for not discussing this process. Any information given out could jeopardize the negotiations for any real estate project, which would put the town at a disadvantage.

Adjournment

Motion; made by Andy Reardon, seconded by Pete Smellie, to adjourn at 7:46pm. Unanimously voted
