RECEIVED

**Conservation Commission Public Hearing: Notice of Intent Phase 2A**

The Commission had the following comments on the Phase 2A NOI:

1. Stake CL of pathway from Middle school to the intersection of Circuit and Forest – Early January. We will go with a new color since there is a lot of pink and orange already out there and put a stake every 50-ft;
2. Relocate the replication area out of the agricultural field. A set place for this was not suggested by ConCom but in the woods near the agricultural field, adjacent to the proposed paved path was briefly discussed;
3. Relocate the path out of the agricultural field. They would rather we put the paved path farther north in the wetland than be in the agricultural field;
4. Eliminate the small loop around the large tree/boulder adjacent to the agricultural field; and,
5. Move the stockpile areas out of the agricultural field to the grass field across Circuit street.

Horsley Witten will make the modifications and stake the center line.
