Tibbetts Engineering	Invoice 61322	\$1,618.85

Member Staples moved to pay the invoices. The motion was approved 7-0.

Simon Hill CPC Request

The Committee presented the Simon Hill proposal at the CPC meeting of 1/14. The Committee is requesting \$50,000 to develop a plan for a pathway through from the end of Simon Hill to Grove Street at the Hatch Lots. The Committee has attended meetings with Conservation and the Water Department regarding using their land for the construction. Those groups did not object to the Committee designing a pathway over their land, but did not grant authorization to construct any project. The CPC questioned the potential expense of the project once the plan is complete, the accuracy of the route proposed, potential for additional parking and issues pertaining to the historic importance of Simon Hill. It is undetermined when the vote on the application would occur.

The Committee decided to create an online petition to get signatures in support of the project. B. Sullivan will draft and post the petition on ipetition.com.

I certify that the above minutes were reviewed and approved by the majority vote by the Pathways Committee on February 3, 2016.

Clerk/Alt. Clerk
