Forest Street Path Outstanding Issues

There are some dead trees along the pathway that need to be removed. The committee received a quote of \$2,800 to remove the trees.

Member Cafferty moved to approve \$2,800 for the removal of the trees from the maintenance account. The motion was approved 4-0.

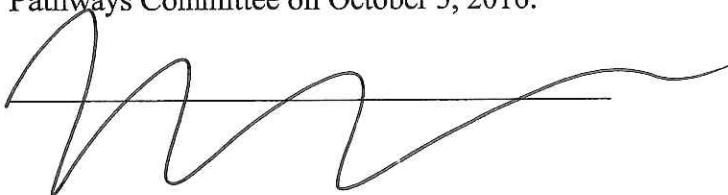

Grove Street Parking Lot for Wompatuck State Park Access

CPC has discussed the project and given preliminary feedback which encourages the committee to move the parking area further back on the lot away from the houses along Grove Street. If the parking area were relocated further into the property there is an existing stand of trees that would provide a good screening. The revised estimate for this work provided by Horsley Witten is approximately \$175,000.

Member Cafferty moved to apply for \$175,000 in CPC funding for the project. The motion was approved 4-0.

Member Palzkill moved to adjourn the meeting at 7:45. The motion was approved 4-0.

I certify that the above minutes were reviewed and approved by the majority vote by the Pathways Committee on October 5, 2016.
