

Norwell Pathway Committee

September 8, 2009 Minutes

Present: David Vose, Scott Raeside, Anne Staples, Christine Josti, Dick Twigg, Sally Turner and Kevin Cafferty

Call to order at 7pm.

Draft agenda was accepted as updated.

Members will be looking for minutes of 5/5/09 and 6/23/09. Sally found 6/2/09 and will type up. Minutes from 8/11/09 were approved as amended with updated present member names.

Bike Rack Discussion – Anne went to CPC meeting and they approved \$3500 for the purchase and installation of bike racks. \$3000 will be reimbursed after installation. Anne will contact the Treasurer to assist in the check cutting process.

AW Perry Parcel Discussion – The subdivision was approved by the Planning Board, but we will have to wait for Todd to give the committee further updates at the next meeting.

Walk near Jacobs Property Discussion – Scott, Sally and Todd took a walk near the Jacobs property via Donovan Trail to see about the possibility of re-routing the path so that we do not need to use the Jacobs property. They found the area to be higher and dryer, but with more trees on the other side of the stonewall. Another walk will take place on Monday, September 14 at 9am. Meet at town hall parking lot.

Farrar Farm Connection Discussion – It was recommended by Steve that the committee receive a second estimate for this work so that we can compare prices. He recommended MR. Surveying of Norwell. Todd will look into this.

Meeting times Discussion – Meeting times, both how often and at what time was discussed. It was decided to keep the bi-monthly meeting schedule, but possibly change the time and/or day of the week. This will be discussed again at the next meeting. It was also decided to put any RFP discussions at the end of the agendas so that Kevin can participate in the discussions. A “punch list” will also be added to the agendas so that smaller items are not lost or forgotten over time.

Next meeting is on September 22 at 7pm.

Meeting adjourned at 8pm

Respectfully submitted by Christine Josti, September 13, 2009.
