TOWN OF NORWELL
TOWN CLERK

2015 AUG -6 AM 8:22

RECEIVED

Discussion: The committee will be applying for an MPO grant to study a continuation of the path from the middle school to the town center.

Discussion: ANRAD has been approved. The Committee reviewed an 11/18/10 email from Justin Lamoureux that attached an email from Amy Ball that outlined a discussion between HW and DEP regarding what constitutes alteration of a wetland. Greg DeCesare at DEP thought an elevated boardwalk could be permitted as a limited project under 310 CMR 10.53(3)(j) which allows for catwalks on pilings in wetlands. Under this situation, only the square footage of the pilings were considered alteration. The committee will move forward with its proposal and incorporate boardwalks over the wetland areas. The next step with conservation is to file an NOI for the project.
