Bills

Horsley Witten	\$10,225.35
Horsley Witten	\$1,117.07
Horsley Witten	\$6,549.78

Member Cafferty moved to approve the bill. The motion was approved 4-0.

Revised Pathway Proposal

Horsley Witten has completed the survey work and developed a plan for the revised route along the Osborn fields and around the highway yard mitigation area.

Soccer and Softball coordinators have concerns about locating the pathway in the area where people sit to watch the games and how the games will be affected by the construction. Spectators could either sit on the opposite side of the field or on the pathway itself during games. It should be an improvement over the wet and muddy conditions currently in the area. That specific field access area will be closed off during construction and the bridge access closer to Main Street will be the sole access point.

Con Com NOI

The NOI application is being revised to reflect the modified pathway route.

AW Perry Parcel

The land purchase has been held up a bit due to the fact there is not a clear deed for the property. When the current owner AW Perry bought the land he bought a couple hundred parcels all over town. They were put together in a quit claim deed many years ago and transferred accordingly. Therefore there is not one single deed for the property we need. Town Council is working toward a solution.

Member Staples moved to adjourn the meeting at 8:15. The motion was approved 4-0.

I certify that the above minutes were reviewed and approved by the majority vote by the Pathways Committee on August 26, 2015.
