[CHAMBER EVENTS](#)

The Norwell Chamber is hosting this forum to allow candidates to speak directly to voters about their candidacy and issues affecting the town. The event will be broadcast via ZOOM. Geoff Gordon will facilitate the session and each candidate will have several minutes to present a prepared statement. ZOOM participants will be able to ask questions via the ZOOM chat window and candidates will have an opportunity to respond once all prepared statements have been delivered.

There are several contested races and we look forward to hearing from each of the candidates. We hope you register to attend and ask questions during this informative session.

Access details for ZOOM will be provided via email after registration for this event.
