Town Center Path

Middle School to Circuit Street: Construction is progressing well. Base course pavement has been installed and work is progressing on the helical piles. There have been several small issues with construction. The contractor did not spread the tree branches and debris as required by the OOC. This has been addressed. There is also an American Legion Carnival on 8/23 so no construction will be allowed.

Member Palzkill moved to adjourn at 7:30. The motion was approved 5-0.

I certify that the above minutes were reviewed and approved by the majority vote by the Pathways Committee on July 29, 2015.
