RE: 15 High Street Housing Project, Norwell, MA

Dear Ms. Mahoney,

Pursuant to your request and in review of the most recent plans for the 15 High Street Housing Project, it appears the developer and his/her engineer continues to show a planting scheme along the perimeter of the southern boundary in the existing drainage easement against my wishes. I oppose the planting scheme. Any planting in the existing drainage right-of-way will cause unnecessary cost to the Town to both maintain and eventually to replace the pipe. The Town recommends that the planting scheme be located either North or South, but outside of the existing easement, so that the Town can maintain full access to the easement.

Please do not hesitate to contact me at (781) 659-8042 should you have questions or require additional information.

Sincerely,

Glenn Ferguson, Director  
Norwell Highway Director
